5 YEARS
IN A ROW
AND COUNTING...

“ I wanted to take the time to say thank you for your extra special care, compassion & concern... It is no wonder that I have been coming to you since I moved here in 1985! It's easy to see why you and your staff were voted #1 year after year. k.k. ”

SMILE

“ If you can believe it, I actually look forward to my visits to the dentist! Everyone is friendly and knowledgeable. Everything is thoroughly explained. You are known on a first name basis by the entire staff! They have great music playing all the time. Best of all, my teeth look fabulous! I would refer anyone I know to this dental practice! ”

OUR PHILOSOPHY

Our philosophy of practice is simple: Your needs first above all else. Everyone in our office is here to give you efficient and caring service. Never hesitate to

ask questions; and if there are any problems, please bring them to our attention. We want to make your visits beneficial and comfortable.

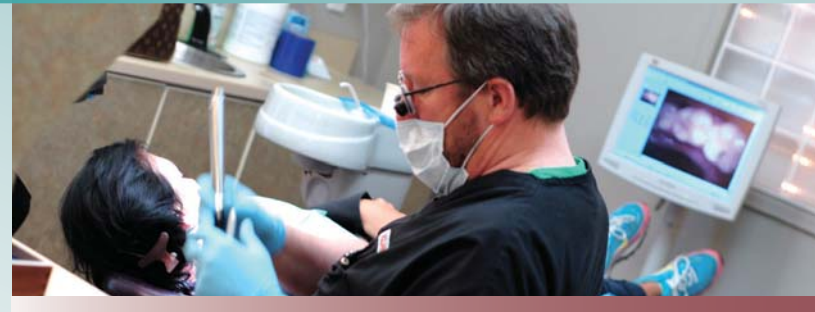

COMMITMENT

The Classic Smile is a full service dental practice. We offer reconstructive, supportive and cosmetic dentistry. We are equipped with the most sophisticated sterilization equipment and all our team members are trained in Five-Point Protocol for disinfecting and sterilizing instruments. Our treatment rooms are equipped with a sterile water supply in place of city water. Our doctors are ACLS trained.
